View all subjects More like this Similar Items. A looming enemy in the form of a tsunami disaster would affect the conflicts, potentially bringing peace. A leader, upon being informed about how to implement disaster diplomacy, could decide that linking disaster-related activities and conflict resolution is not wanted and, consequently, might stop disaster risk reduction programmes or avoid humanitarian relief.

In for example, two large earthquakes struck Turkey and Greece within a few weeks. Political and financial resources are focused towards the conflict rather than preparedness, and low social cohesion threatens the chances of groups working together in order to both prepare for and mitigate the damage of disasters.
