Main article: Aerial bombardment and international law. Bombing, they concluded, did play a role in fortifying the position of those within the Japanese political elite who sought a way out of the conflict. WithinU. Why is the plan not openly and universally castigated at least as 'wrongheaded' or, more important, as a morally and politically repugnant strategy of terrorism? Condition: Good.

ItwasabombingoftheIraqiregimeanditwasdonewithextraordinaryprecision. They were generally used for tactical bombing; the aim was that of directly harming enemy troops, strongpoints, or equipment, usually within a relatively small distance of the front line. Initially the raids generated a wave of hysteria, partially caused by media.
