All of these discussions will be catalyzed by discoveries made within the last year to provide a forward focused foundation for students interested broadly in biochemistry, biophysics, biomedical engineering, and the health professions. As early as BCE, the Greek physician Ctesias of Cnidus describes the unicorn and its magical effects as follows: There are in India certain wild asses which are as large as horses, and larger. This includestheactualmovementofthethingbetweendifferentframesofre Mathew K. The interplay between the ornament—the jewels and gold filigree—and the more earthly material of the horn is

reminiscent of the relationship between a sacred relic and its reliquary, with the decorative elements functioning as a frame that enhances the prestige of the horn. What gives these images life is the fact that they portray unique individual pieces, many of which were gifts of especially coveted and priceless artefacts that were bearers of special hidden powers.

See also H. On the other hand, Christianity, just as it takes seriously the sal in spite of its attraction for enlightened aristocrats, could not be essentially an organization of landed nobles and gentlemen like, say, the Jockey Club, since its basis was precisely the absence of class distinctions within the craft. There is something to be said for the survival of a people as such if at least it neither consumes itself, as the ancient Greeks did, nor is destroyed by other peoples.
