May Without wishing to diminish the importance of these efforts, I do want to suggest that a stronger theological understanding of discernment may provide the nourishment our churches need to practice healthy discernment. Part of the purpose of the study was to examine the experience of school leaders making decisions using external testing data for the improvement of learning.

OpenDocument. Such historicist relativism is the form of gnostic knowing. Finding optimal resolutions to such tension situations demands mindsets and approaches based on understanding the competing value elements and purposes within the decisions. This paper also suggests that the model can provide important insights into the sources of potential misunderstandings, tensions and sometimes conflict that leaders experience inherent in moral decision-making processes.

The byproduct of judgment is a decision. Discover the sacredness of religious

skillfulness is the strength to do what is right – the tools, the motives, the courage, and the comfort of trusting in the Lord Prov.
